6. Proposed parking changes
7. I am absolutely horrified that there is a proposal to reduce the in site parking from 90% in MUR 70+ buildings. Just because there is transportation available and planned within a very short distance does not mean that the tenants will give up their vehicles. Not every reason to need a vehicle is solved by mass transit. Furthermore, most tenants have more than one vehicle so are already taking up any available street parking, inconveniencing homeowners in the area shared

with these new complexes. In many areas there simply is no street parking, e.g. along 185th St. I am registering a very strong objection to this proposal. Thank you.

Thank you,
City of Shoreline
