Topic: protesting tree removal

As a pediatrician I'm a staunch sidewalk supporter as part of my advocacy for child pedestrian safety. But at what price? I'm also an environmentally savvy citizen.

Sections of 5th Ave NE are a beautiful tree-lined street with mature trees that support the role of Shoreline as an environmentally smart city --- an image and commitment created by our very own City Council.

Please modify the current design to save as many of those trees as possible. The City modified sidewalk design on Dayton Ave in order to save trees --- evidence that plans can be changed. Let's save more trees!

Thanks.
