Subject: [EXTERNAL] Trees on 5th Ave NE

Sensitivity: Normal

CAUTION: This email originated from outside of the City of Shoreline. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello city council,

I urge the council to review the design for the sidewalks on this street between 175th and 182nd, and provide the opportunity for public comment. There are solutions that can be done instead of removing the healthy trees that have been done elsewhere and have been shown to be successful:

- Wrap the sidewalk around the trees!!
- Elevate the sidewalk to avoid having to remove tree roots
- Put a bike lane on the west side and put the 6' sidewalk on the east.

It's critical that we start preserving all healthy trees. Removing healthy, mature trees and planting new ones is not acceptable. We must save healthy, mature trees to keep our city healthy and beautiful.

Best regards,
Tina Carter
