Dear City of Shoreline Council Members:

I am writing to support the Tree Preservation Code Team letter of Feb 24, 2022 regarding Summary of Proposed Tree Preservation and Protection Code Amendments.

City of Shoreline is going to lose large acres of tall trees on multi-housing zones near the light rail stations, around Parkwood at 147th and Meridian and new sidewalks along 5th Ave NE between NE 175th and NE 182nd. I especially like the suggestion of a trail walk/bike lane on the west side which would save many of the 17 tall trees scheduled to be cut down.

We know our cities will get hotter, and heat waves will get more frequent and intense. Trees are one of the best climate--adaptation strategies we have.

Thanks for your careful consideration of this matter.

Kean Engie
