- **City**

Council meeting for March 21,2022

Please

Vote and Approve the definition of a 6” dbh Significant Tree

Please

Vote that a permit be required for removal of every 24” dbh Significant Tree and over 24”

Please

Vote to Eliminate the Director’s authority to reduce replacement Trees on construction sites.

Please

direct your Staff to save the Cedars

on 5th

Ave NE. If the sidewalk design

had started

with the guideline “provide sidewalks and retain all the tall trees in good condition” the current design would be different. It is not too late.

Please

recognize that once Trees are cut down it takes many, many years to recover the benefits they would have provided.

Thank you
