I write in support of Ordinance 967 and the proposed purchase of the beach property adjoining the Saltwater Park as well as extending the beach access from the park to the beach at Point Wells.

I have lived in Richmond Beach for over 40 years. Raised my family here. My "kids" are now in their 40's and 50's and my grandchildren and one great grandchild have all enjoyed the beach – particularly the beach closest to my house on 193rd Place (the piece proposed for purchase). They call it Nana's Beach. I would love to see the access made easier, safer and allowed via Apple Tree Lane. I whole heartedly support this proposal. I think it will give future generations safe and lawful access to this beautiful beach area – including tidelands at Point Wells which are just wonderful at low tide. The beaches belong to all of us and we have a responsibility to make sure they remain open and accessible – and maintained. Thank you for taking the time to read my e-mail. I appreciate all of your good work for the city of Shoreline and my family.
