Subject: RE: 911 calls for service to the Apple Tree Lane beach

Keith –

Police reviewed their Computerized Automated Dispatch (CAD) system and found no calls for the south end of Apple Tree Lane. If there was a call then police/fire would obviously respond. There have been calls for north of this area in Snohomish County where people have had bon fires, etc. This is in the Point Wells area. We have previously informed Snohomish County that this is in their response area (of course KCSO provides mutual aid on emergencies).

We have received calls about people parking along the ROW at Richmond Beach Drive, but I don't think this is what the public comment is about.

Hope that this helps.

Subject: 911 calls for service to the Apple Tree Lane beach

Hi Debbie,

One of the public comments on Ordinance 967 raised a concern about emergency vehicle access to the beach at the South end of Apple Tree Lane. Concerns about access apply equally to calls for service to the residences. I'm not personally aware of any calls for service either to the beach or to the residences in the last couple of years, but was hoping staff could check for tonight's meeting.

Keith
