My family and my neighbors all support the City purchasing the vacant property between the Saltwater Park and the end of 27th Ave NW. Given This should be a top priority for the city in that you have funds from the recent parks bond, there is only 1 shoreline access in the City of Shoreline and we already access that beach this way, but are accosted by the homeowners on 27th Ave NW when we do. There are loads of reason why someone could object city residents not access in the beach this way, but at the end of the day they all can be overcome with easy solutions. The public has been using this area for over one hundred years, lets make it official and preserve it for the next generation.
