7. Ordinance 967
8. I live on 27th Ave NW. The city should postpone a vote or reject outright Ordinance No. 967. The beach the city seeks to condemn is only accessible on the north through private property. The ordinance does not account for a variety of issues that will adversely affect those on our street, including access to the beach over our neighbors' and the railroad's property and parking, and has been proposed with no input from the affected people who live on our street. The city should not consider obtaining this land until these issues are addressed.
