Subject: [EXTERNAL] Fwd: Support for trees on MUR-70 sites

CAUTION: This email originated from outside of the City of Shoreline. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Please immediately address the issue that there is currently zero tree retention for MUR-70' sites - we need to change it to 10% – now. We cannot wait to address issues such as this; otherwise we will cause serious problems in the future in Shoreline. I highly urge you to address this at the Council meeting on June 27, 2022, when discussing Ordinance 968, action item 8(a).

Best regards,
Tina Carter

I support saving 10% of the significant trees on MUR-70' sites. Please make this happen - we must keep working for our environment!

Best regards,
Tina Carter
