Laura –

Here is a graph that I think provides the information that you are requesting. This is in millions. We will put this in the Green Folder for tonight’s meeting.

**Subject:** Additional information needed

Debbie,  
 I would really appreciate if you could prepare a graph for the last 10 years showing only the total funds collected from the Property Tax in the City of Shoreline.

Then if you could add a trajectory of what the trend line would likely look like for each of the options showing on the June council meeting (\$1.08, \$1.35, \$1.40, \$1.49, etc) as estimated for the next 6 years.

If you have already provided this, i must have missed it. It will help me simplify just looking at money collected (or projected to be collected) - as I keep getting lost in the detail.

Thank you
