RADAR (Response Awareness De-Escalation and Referral)

The North Sound RADAR Navigator Program combines information sharing across law enforcement agencies and outreach by Mental Health Professional Navigators, serving the cities of Bothell, Kenmore, Kirkland, Lake Forest Park and Shoreline. When law enforcement officers encounter someone with behavioral health symptoms or developmental disabilities in the field, RADAR Navigators can respond to provide crisis de-escalation, outreach, and referral to services. Navigators focus on moving people into community-based and long-term systems of care to reduce reliance on the crisis and criminal legal systems and improve people's lives.
