7. Adoption of Resolution No. 494, Declaration of Climate Emergency
8. I strongly support the City Council's adoption of Resolution # 494, Declaration of Climate Emergency. All levels of government need to get on board with this type of statement because climate emergency is here now. I also support the proposed amendment to preserve trees. Newly planted trees are not a satisfactory replacement for mature trees, which do so much more for the environment and provide habitat for so many types of fauna. Of course, preserving mature trees also means ensuring that their roots are not compacted by surrounding development and that they are provided the support they need to continue to thrive.
9. Support

Thank you,
City of Shoreline
