Subject: [EXTERNAL] Council – Save trees on MUR-70' zones

CAUTION: This email originated from outside of the City of Shoreline. Do not click links or open attachments unless you recognize the sender and know the content is safe.

YES, I support tree retention on MUR-70' zones: 10% on 70' building sites; 15% on 80' building sites; 20% on 90' and 140' building sites.

Deep Green and other incentive programs will not eliminate tree retention.

YES, I support that this code becomes effective upon Council approval (within 2 weeks). Shoreline is losing too many significant trees now.

NO, I do not support the Staff Amendatory Motion #8 on page 8a-22 of the 9/12/22 Council agenda.

NO, I do not support giving the Director discretion to reduce and waive tree retention on MUR-70' zones.

As you know, Urban tree canopy reduces the urban heat island effect, reduces heating/cooling costs, lowers air temperatures, reduces air pollution, increases property values, provides wildlife habitat, and provides aesthetic and community benefits such as improved quality of life.

Thank you,

Kean & Lin Engie

Shoreline residents
