

for 9-12 meet

Shoreline City Council:

Subj: Tree Codes on MUR-70' zones;  
Council Mtg 9-12

Dear City Council:

My family moved here from Seattle specifically for the nature here, especially the tall trees which gives us clean air, birds, nature, and freshness. I am a US Marine Corps veteran, I am in particular requesting these changes to the protection of trees because they offer me peace and tranquility. If we devastate the land, the land will devastate us. It's just Mother Nature. However, we care for our trees, make them remain important, <sup>SHORELINE</sup> our veterans will: be healthier, be happier, be more healed from the wounds of war, go out more, be there for their families, be more productive, care for themselves more. We need strong rules on trees. a matter of life. Julia J. Shunde
