8. Dear Council:
Please Vote YES to approve Amendment 2, to fund an Urban Tree Canopy (UTC) study in 2023.
Please Vote YES to approve Amendment 3, to complete the inventory of public street trees in 2023 and require the protection of public street trees in heat islands once the public street tree surveys are complete.

As Shoreline continues to grow, with more and more huge apartment complexes and other construction, it is vital to protect our ever-shrinking tree canopy. It's essential for heat reduction, protection of habitat for all sorts of animals (including beneficial insects), and psychological well-being. There is simply no substitute for large, mature trees.
