Please vote **YES** to approve **Amendment 2** (to fund an Urban Tree Canopy study in 2023) and **Amendment 3** (to complete the inventory of public street trees in 2023, and require the protection of public street trees in heat islands once the public street tree surveys are complete). The trees add aesthetic appeal to the street but there is more. They are necessary to buffer noise and pollution.

Thank you,

Deborah Phillips
