Councilmembers,

It has been more than seven months since you voted unanimously to acquire the beach parcel located between the northern end of Saltwater Park and the southern end of 27th Ave NW, for the purpose of securing additional public park land. (Ordinance 967—passed by the City Council on June 6, 2022).

The public is anxiously waiting for the City to complete its acquisition of the beach parcel.

Request: Please provide the public with an update on when the City will complete its acquisition of the beach parcel.

Thank you.

PS: The photos below were taken yesterday afternoon (01/19/2023) at about 4:20 pm. The tide was dropping about two feet per hour. High tide was 11.0 feet at 1:21 pm. Then it started dropping, until it reached low tide of -2.6 feet at 8:51 pm. A huge drop of 13.6 feet over 7-1/2 hours = a drop of 1.8 feet per hour.
