

2023 TREE-PORT

COMMUNI-TREES

Shoreline's tree giveaway and planting program

ABOUT

Trees are essential for a healthy Shoreline. They clean our air, create shade, relieve stress, reduce flooding by soaking up rainwater, and make our community more beautiful.

The City of Shoreline is partnering with community members to increase the number of trees in our city. Through our Communi-trees program, we provide free trees to residents, schools, churches, and businesses. We also provide Communi-trees participants with training on tree planting and care, planting supplies, and ongoing care reminders and tips to ensure their trees stay healthy.

Learn more at
ShorelineWA.gov/Communitrees.

In 2023, the City received more than 240 requests for a variety of trees! To receive a tree, individuals had to attend an in-person tree planting and care training and agree to assume all future maintenance and responsibility for their tree to ensure its survival.

Overall, we provided 130 individuals and groups with a tree to plant at their homes, apartment complexes, and places of worship.

Below: Communi-trees participants at a tree planting and care workshop.

40% of trees were planted in areas with the greatest need

(in 2023)

EQUITY

When reviewing applications, we use **Tree Equity Score** to consider environmental, demographic, and health data and prioritize giving trees to the people and neighborhoods that need them most. In 2023, nearly 40% of the trees we gave away were planted in these priority neighborhoods.

AT A GLANCE

Tree Requests 242

Trees Provided 130

Program Rating ★★★★★

“

Excellent job by everyone involved. Much gratitude to all. I highly recommend this tree giveaway and associated workshop.
