We acknowledge the land on which our work started as the traditional home of the Coast Salish and Snohomish peoples. We take this opportunity to thank the original caretakers and storytellers of this land who are still here, and to recognize the immense culture of these peoples by remembering their history and traditions. We invite you to recognize our government's history of unfair treatment and lack of accountability against Indigenous communities as we push to raise visibility and education about them.

Questions/Comments: None

Rules of Procedure/Bylaws Update

Colleen Kelly, Recreation, Cultural and Community Services Director

[\(See Attachment C\)](#)

Ms. Kelly recapped comments received from the Board after their recent review of the proposed Rules of Procedure/Bylaws update.

One Board member noted that in Article 4, Section B, Election of the Chair, the requirement for election is a majority of the whole and that should be four affirmative votes, not five. During the motion to adopt, that correction was addressed.

Another Board member asked for clarification on the terminology used in summarizing the changes. "Allowing" for 2-year terms should've been "providing" for 2-year terms for Chair and Vice Chair. This was clarified during the discussion.

Additional points of view were offered and addressed during the Board's discussion. The Board reached a consensus on amending the 2-year term limit for Chair and Vice Chair to be a 1-year term limit to allow for opportunities for new Board members to hold that role. It was also clarified that approval of the new Rules of Procedure would supersede the current Bylaws and Rules of Procedure Regarding Remote Participation documents. The new rules are evergreen and can be amended by future Boards.

Chair Franklin moved to approve the rules as presented with two modifications: four is the number of affirmative votes needed for the election of the Chair and Vice Chair and establishing 1-year terms for Chair and Vice Chair. Mr. McIntyre seconded. All were in favor, the motion carried.

Park Committee Recommendations

Sara Raab McInerney, Chair

[\(See Attachment D\)](#)

Ms. Raab McInerney presented and opened up discussion on three standalone recommendations to City Council and the PROSA Planning Team. The recommendations were reviewed, discussed and voted on separately.

March 23, 2023

Hybrid Meeting

Ms. Raab McInerny reviewed Recommendation 1.

1. Establish Baseline Minimum Amenities for All Parks to Include:

Identification and Rules Signage – Every park property shall be clearly identified with the following information: A Shoreline standard Park Sign with Park name, and standard post-mounted signs with Park hours and Park rules, including disallowed activities.

Pedestrian Access – Every park shall have one or more clearly visible entry point(s) and basic pedestrian access, such as a trail or walkway, to access and move through the public park space.

Further, we recommend City Council and staff consider establishing additional minimum park amenities by specific park type during the PROSA Planning process.

Chair Franklin called for a motion to approve Recommendation 1. So moved by Mr. McIntyre and seconded by Ms. Hilde. All were in favor, the motion carried.

Mr. Potter reviewed Recommendation 2. The Board discussed the definitions, the committee and staff clarified several points, and the Board came to a consensus on the following language:

2. Define Equity Metrics and Benchmarks:

Equity Metrics: Research and adopt industry standard best practices for equity metrics as they apply to parks and recreation facilities, and incorporate into the PROSA Plan update.

Walkshed Metrics: Research and adopt best practices in walkshed analysis to identify gaps in both park distribution/access and park amenity access, and incorporate into the PROSA Plan update. Examples: Measure walkshed radii from park entry points, rather than park perimeter; field-verify actual walk distances estimated digitally; analyze separate walkshed distances to specific park amenities, such as Play Equipment, to identify amenity-specific gaps across our City.

Chair Franklin called for a motion to approve Recommendation 2. So moved by Ms. Hilde and seconded by Mr. Potter. All were in favor, the motion carried.

Ms. Raab McInerny introduced Recommendation 3. The Board discussed the concept of banking land, communication with the public and the committee and staff clarified multiple points. The Board came to a consensus on revised language for the recommendation:

3. Study and Address Best Practices Related to “Banking Land”

The purpose would be to clearly communicate expectations to the public about newly acquired, undeveloped park land, and associated plans for future development.

Chair Franklin made a motion to approve the recommendation based on the revised language offered by Ms. Raab McInerny. Mr. McIntyre seconded. All were in favor, the motion carried.

Park Bond Update

Kasia Keeley, FORMA/Mithun

Dorothy Faris, FORMA/Mithun

Rob Wettleson, FORMA/Mithun

(See Attachment E for the presentation)

Mr. Bilbo introduced the Forma/Mithun team. The team provided an update that included the newer phased approach and status of Bundle 1 and also discussed the results of the public engagement efforts and how that data is being used to influence design development. Plans for Bundles 2 and 3 were also discussed. Mr. Bilbo noted that this was an opportunity for the Board to provide feedback on the next two bundles.

An update on Bundle 1 was provided.

- Ridgecrest Park:
 - The team is working with the City through a series of workshops to identify play equipment and design requirements. Identifying stormwater on the site is also being done.
- Kruckeberg Botanic Garden:
 - More detail will be presented to the Kruckeberg Board next week.
- Upper Shoreview Park:
 - Improvements to the off-leash area were discussed.

The Board was invited to provide further feedback via email after the presentation due to meeting time constraints.

Questions/Comments:

Richmond Highlands Park:

- What is being proposed for the topography of the existing parking lot and the play area?
 - The parking lot will be reconfigured. Several rock walls will be removed and it is being re-graded to make a more accessible, welcoming entrance.
- The accessible access point at the northeast corner will be maintained if possible and potentially have a parking spot or allow for drop off there.
- Is the play equipment accessible?
 - Yes, it is.
- Regarding the relationship between the ball field and the play space –is there a way to keep the ball play from interfering with the park? The organic design was appreciated.
 - No fence is currently planned for the edge of the ball field. Ideally trying to leave the space as open as possible and we also heard a strong desire for field space for youth soccer in the fall.
- Bleacher style seats by the basketball court was appreciated.

The purpose of the Parks Board, as set forth in Shoreline Municipal Code (SMC) Chapter 2.55 is to provide additional citizen input on park maintenance and operations, design matters, programs and services in sports, recreation and cultural activities including public art, and management of trees located in City-owned public property and in City rights-of-way.

Pursuant to SMC 12.30.020, the Parks Board serves as the City's Tree Board. The primary responsibility of the Tree Board is to make policy recommendations concerning the management of public trees. For the purpose of these Rules of Procedure, the Parks Board refers collectively to the Parks Board and Tree Board.

Pursuant to SMC 2.55.040, the Parks Board is authorized to adopt such rules as are necessary for the condition of its business and the business of the Parks Board. These Rules of Procedure are such rules.

effective immediately as the individual no longer satisfies the qualifications of membership set forth in SMC 2.55.020.

2. A Board member shall have forfeited their position with unexcused absences from three (3) regular consecutive meetings of the Parks Board. Forfeiture results in a vacancy
3. A Board member may be removed by a majority vote of the City Council for neglect of duty, conflict of interests, malfeasance in the position, or other just cause, including unexcused absence.

The Vice Chair shall assume the duties and powers of the Chair when the Chair is absent.

3. Support Staff will repeat each nomination until all nominations have been made. When it appears that no one else wishes to make any further nomination, Support Staff will ask again for further nominations and if there are none, Support Staff will declare the nominations closed. A motion to close the nominations is not necessary.
4. After nominations have been closed, voting for the Chair takes place in the order nominations were made. As soon as one of the nominees receives a majority vote of the Parks Board as a whole (five (5) affirmative votes), Support Staff will declare that Board member elected. No votes will be taken on the remaining nominees. A tie vote results in a failed nomination. If none of the nominees receives a majority vote, Support Staff will call for nominations again and repeat the process until a single nominee receives a majority vote.

C. Election of Vice Chair

Upon election, the Chair conducts the election for Vice Chair following the same process set forth for the election of the Chair.
