The sliding rate is calculated by measuring the amount of impervious surface on each parcel and multiplying the appropriate rate by total acreage.</p>		
<p>Several special rate categories will automatically be assigned to those who qualify</p> <p>* An exemption for any home owned and occupied by a low income senior citizen determined by the assessor to qualify under RCW 84.36.381.</p> <p>* A discount for any parcel served by a County-approved retention/detention (R/D) facility maintained by the owner.</p> <p>* A discount for any parcel (or part parcel) officially designated as open space</p>		
<p>Categories with Retention/Detention Facilities</p> <p>The following categories are eligible for reduced rates if they have an approved retention/detention facility:</p>

Very Light	50%	\$51/per parcel
Light	57%	\$102/acre
<p>Alternative Mobile Home Park Charge</p> <p>*Mobile Home Park Assessments can be the lower of the appropriate rate category or the number of mobile home spaces multiplied by the single-family residential rate.</p>		
<p>Rate Adjustments</p> <p>Any person receiving a bill may file a request for a rate adjustment within two years of the billing date. (Filing a request will not extend the payment period)</p> <p>Property owners should file a request for a change in the rate assessed if:</p> <p>*the property acreage is incorrect;</p> <p>*the measured impervious surface is incorrect;</p> <p>*the property is charged a sliding fee when the fee should be flat;</p> <p>*the person or property qualifies for an exemption or discount; or</p> <p>*the property is wholly or in part outside the service area.</p>
