

PHASING AND IMPLEMENTATION

The following pages outline phasing recommendations for the Kruckeberg Botanic Garden that seem desirable to address the needs, vision, and requirements of a private garden's evolution into the public domain. With the transfer of this property from a private residence to a commercial public entity, new sets of codes, restrictions, and opportunities come into play. These deal with public safety, health, and well-being and ensure that equal opportunities are afforded to all. Within a limited budget, Phase 1 responds to these immediate needs by providing on-site public parking to reduce impacts to the surrounding residential community, adding much needed public restrooms, and creating a permanent and separate service access road and staff parking area.

Phase 2 focuses on siting an interpretive switchback boardwalk trail that connects the upper and lower gardens in an aesthetic ADA-compliant manner. It is also envisioned that an ADA-compliant loop path would be routed through the lower garden. While it would be optimal to build the environmental learning center in Phase 2, it is recognized that lack of funding may require deferment to a later phase.

Further development of future phases depends on many factors, most importantly securing funding and the commitment of the City, Foundation, and public to support and encourage new work to proceed. In the end, this alone will determine how quickly Garden projects are completed and the Garden vision, as outlined in this report, is realized.

This is a modest plan as represented by the development costs associated with each phase in 2010 dollars. It retains the legacy garden of the Kruckebergs in a manner that invites and accommodates public exploration and enhances the public education and enjoyment of one of the treasures of Shoreline.

PHASE 1

 - D. Information/ticketing gatehouse
 - E. Interpretive panel(s) and wayfinding orientation map
 - F. Entry sign
 - G. Service road and staff parking for two cars
 - H. Porta-potty shelter
 - I. Plant sales area
 - J. Entry garden and path improvements

Estimate of Probable Construction Costs

Parking and Service Road	\$410,000-\$625,000*
Interpretive Graphics	\$ 25,000-\$50,000
Total	\$435,000-\$675,000

* Final cost pending detailed design

PHASE 2

- A. Relocate/replace greenhouse
- B. Stone overlook wall
- C. Courtyard improvements
- D. Switchback boardwalk trail
- E. Recirculation pond and stream
- F. Lower wetland pond, overlook and bridge
- G. Interpretive graphics
- H. Lower garden/pathway improvements
- I. Central meadow
- J. Lower garden shelter

Estimate of Probable Construction Costs

ADA Access Trail and Stairs	\$550,000-\$690,000
Water Feature	\$60,000-\$75,000
Gathering Space and Overlook	\$200,000-\$250,000
Interpretive Graphics	\$80,000-\$100,000
Total	\$890,000-\$1,115,000

FUTURE PHASES

- IMPLEMENTATION PLAN
- A. Headhouse and new and enlarged greenhouse
 - B. Lower garden interpretive kiosk
 - C. Widen/improve service road upper garden to lower
 - D. Maintenance-garage, storage shed and equipment
 - E. Lower garden public restroom
 - F. Lower garden meadow
 - G. Lower garden path improvements
 - H. Plant growing field
 - I. Environmental learning center and offices
 - J. Public restrooms
 - K. House remodel/caretaker residence
 - L. The Commons

Estimate of Probable Construction Costs

Maintenance, Propagation and Service Road	\$150,000-\$190,000
Environmental Learning Center, the Commons and House Renovation	\$1,900,000-\$2,400,000
Interpretive Graphics	\$110,000-\$130,000
Lower Garden Improvements	\$50,000-\$60,000
Total	\$2,210,000-\$2,780,000

Mssrs. Deal and Schnall,

After a detailed presentation and review, on April 15, 2010, of the Master Plan for the Kruckeberg Botanic Garden, the E.B. Dunn Garden Trust board, holder of the conservation easement, enthusiastically endorses the proposed plan as presented. Making the presentation for the City of Shoreline were its representative, David Buchan and their consultants John Swanson, Landscape Architect, and Sue Nicol, Arborist. Trust members present included Iain Robertson, Beth Dodrill and Robert Findlay from our Conservation Committee, and Chris Smith Towne, board president.

Our committee found that the plan complies with the conditions of the conservation easement, which include conservation values, construction limits, as well as permitted and prohibited uses. They found that the small variations from these guidelines shown on the plans were understandable and acceptable adjustments made within the purposes and goals of a conservation easement. They were necessary as the planners considered functional needs of a more public facility, cultural needs of the horticultural collection, Dr. Kruckeberg's concerns and community inputs and codes. Overall, we found the authors of the proposal to be commendably concerned with preparing a feasible plan in its modesty and flexibility, one that accomplishes the goals of the original owners, the Kruckebergs; the current grantor of the easement, the City of Shoreline; the Kruckeberg Botanic Garden board of directors; and the neighborhood.

The E.B. Dunn Garden Trust, consistent with its mission, continues to enjoy its relationship with the Kruckeberg Botanic Garden board and the City of Shoreline in the conservation of this extraordinary public asset in this region.

Sincerely yours,

Chris Smith Towne, President
 E.B. Dunn Garden Trust

Sue Nevler, Exec Dir.
 E.B. Dunn Garden Trust

Robert Findlay, VicePresident/Chair
 Dunn Gardens Conservation Cmt.

GUIDING PRINCIPLES FOR THE KRUCKEBERG BOTANIC GARDEN BY ARTHUR R. KRUCKEBERG

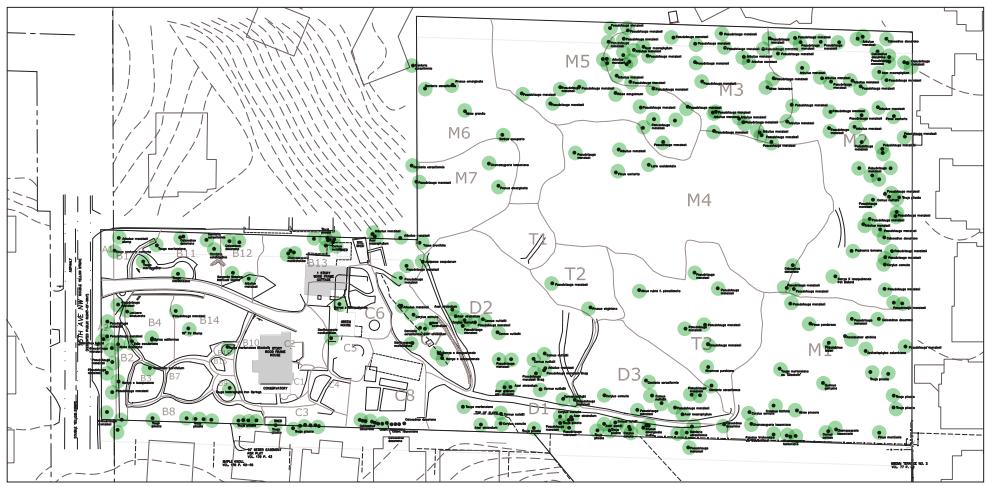

The founding principle of the Kruckeberg Botanic Garden was that plant diversity is one of the wonders of the natural world and that there is both scientific and educational value to presenting that diversity in a natural setting. The setting of the Garden is that of a remnant Puget Sound lowland ecosystem, with a matrix of native conifers and understory vegetation, among which plants from this and other biomes are grown that complement the beauty and diversity of the native flora. Throughout the development of the Garden, plants, whether native or exotic, have been selected for their beauty and uniqueness, thus providing the added amenity of horticultural value for the plants in the collection.

In order to preserve this vision for the future of the Kruckeberg Botanic Garden, the following principles can serve as a guide to the future management of the Garden.

- The native flora of the Pacific Northwest (PNW) should always be a primary theme in the Garden and should be defined by the broad climatic zone that is shared by a contiguous region ranging from Northern California to parts of the northern Rockies west to Montana and north to British Columbia.
- The Garden should maintain a preference (though this need not be exclusive) for plants in naturally occurring form, including natural hybrids and varieties, over garden hybrids and cultivars. However, the overriding principle of diversity and the goal of having plants that complement naturally occurring forms permits the judicious selection of garden varieties.
- For plants not native to the PNW, plants from similar climatic zones and plants taxonomically related to our native flora should have preference. Due to the climatic similarity and biogeographic connection, East Asian plants are a strong preference. Secondarily, other cool, temperate, Mediterranean climates (e. g. Chile), will provide valuable components to the Garden.
- Represented in the Garden are several taxonomic groups and one specialized ecological habitat that are of particular interest to the founders and or particular value due to the diversity of these collections. These include the oaks (*Quercus* spp.), conifers (especially the diversity of unusual conifer families and genera), and the serpentine garden, which represent the founder's primary contributions to science. Other taxonomic groups that would fit well with the principles on which the Garden has been developed and might merit augmenting include maples (*Acer* spp.), witch hazels (Hamamelidaceae), and the hydrangea family (Hydrangeaceae). In addition, continued expansion of native woodland herbaceous perennials would be desirable and would permit increased biodiversity in a space-limited setting.
- While the woodland garden is a prominent theme in the Garden, the "meadows" provide an important habitat to display sun-loving plants and special collections in rockeries, including the serpentine collection. An effort should be made to prevent over-planting the meadows with trees in order to maintain the highlight environment necessary for these collections and to preserve the vision of expansiveness of the open meadow.
- The Garden should continue to serve as a reserve for germplasm of rare and unusual plants from the PNW and elsewhere. The Garden should participate in native plant seed collection and support collaborations that bring appropriate new plants into the Garden from foreign locations. Propagation of the Garden's diversity by the MsK Nursery shall be perpetuated.
- The Garden should continue to be managed as the primary source material for the MsK Nursery. Where feasible, existing plants should be perpetuated from Garden collections.
- The Garden should take care to avoid the use of showy displays of cultivated plants for aesthetic purposes only.

KBG PLANT LIST : TREES

Existing Plant List Provided by KBG June 10, 2010

Botanical Name	Common Name	Botanical Name	Common Name
<i>Abelia chinensis</i>	Chinese abelia	<i>Cercis siliquastrum</i>	Judas tree
<i>Abies bracteata</i>	Santa Lucia fir	<i>Chamaecyparis lawsoniana</i>	Port Orford Cedar
<i>Abies concolor</i>	White fir	<i>Chamaecyparis nootkatensis</i>	Alaska cedar
<i>Abies firma</i>	Momi fir	<i>Chamaecyparis nootkatensis 'Fastigiata'</i>	Fastigate Alaska cedar
<i>Abies grandis</i>	Grand fir	<i>Chamaecyparis obtusa</i>	Hinoki cypress
<i>Abies koreana</i>	Korean fir	<i>Chamaecyparis pisifera</i>	Sawara cypress
<i>Abies lasiocarpa</i>	Subalpine fir	<i>Chionanthus virginicus</i>	Fringe tree
<i>Abies magnifica var. shastensis</i>	Shasta red fir	<i>Cladrastis lutea</i>	Yellowwood
<i>Abies pinsapo</i>	Spanish fir	<i>Cornus alternifolia</i>	Pagoda dogwood
<i>Abies procera</i>	Noble fir	<i>Cornus capitata</i>	Evergreen dogwood
<i>Acer bifidum</i>		<i>Cornus kousa</i>	Japanese dogwood
<i>Acer buergerianum</i>	Trident maple	<i>Cornus kousa</i>	Kousa dogwood
<i>Acer capillipes</i>	Stripe bark maple	<i>Cornus macrophylla</i>	Large leaved dogwood
<i>Acer carpinifolium</i>	Hornbeam maple	<i>Cornus mas</i>	Cornelian cherry
<i>Acer circinatum</i>	Vine maple	<i>Cornus nuttallii</i>	Pacific flowering dogwood
<i>Acer davidii</i>	Stripe bark maple	<i>Corylus avellana or maxima 'purpurea'</i>	Red hazelnut
<i>Acer distylum</i>	Linden leaved maple	<i>Corylus cornuta</i>	Hazelnut
<i>Acer ginnala</i>	Amur maple	<i>Crataegus douglasii</i>	Hawthorn
<i>Acer glabrum</i>	Sierra maple	<i>Cryptomeria japonica</i>	Japanese cedar
<i>Acer griseum</i>	Paper bark maple	<i>Cunninghamia lanceolata</i>	China fir
<i>Acer grosseri v. hersii, or davidii</i>	Stripe bark maple	<i>Cupressus bakeri</i>	Modoc cypress
<i>Acer henryi</i>	Henry's maple	<i>Cupressus goveniana</i>	Gowen cypress
<i>Acer japonicum</i>	Japanese maple	<i>Cupressus pygmaea</i>	Pygmy cypress
<i>Acer macrophyllum</i>	Big leaf maple	<i>Cupressus sargentii</i>	Sargent's cypress
<i>Acer mono</i>	Usugumo maple	<i>Davallia involucrata</i>	Dove tree
<i>Acer palmatum</i>	Japanese maple	<i>Diospyros lotus</i>	Japanese persimmon
<i>Acer rubrum</i>	Red maple	<i>Diospyros virginiana</i>	American persimmon
<i>Aesculus californica</i>	California buckeye	<i>Elaeocarpus sylvestris</i>	
<i>Albizia julibrissin</i>	Silk tree	<i>Eleagnus angustifolia</i>	Russian olive
<i>Alnus cordata</i>	Italian alder	<i>Embothrium coccineum</i>	Chilian fire-tree
<i>Alnus firma</i>		<i>Erica arborea</i>	Tree heath
<i>Alnus glutinosa</i>	Black alder	<i>Eucalyptus gunnii</i>	Snow-gum
<i>Alnus rubra</i>	Red alder	<i>Eucommia ulmoides</i>	China rubber tree
<i>Alnus sieboldii</i>	Oba Yashibushi	<i>Eucryphia glutinosa</i>	Eucryphia
<i>Alnus sinuata</i>	Native slide alder	<i>Euonymus latifolius</i>	Spindle tree
<i>Alnus viridis</i>	Green alder	<i>Euonymus occidentalis</i>	Spindle tree
<i>Amelanchier alnifolia</i>	Service berry	<i>Euptelea polyandra</i>	Euptelea
<i>Amelanchier laevis</i>	Allegheny serviceberry	<i>Fagus sylvatica</i>	European beech
<i>Amelanchier ovalis</i>	Snowy mespilus	<i>Fraxinus bungeana</i>	Hardy Chinese ash
<i>Aralia californica</i>	California ginseng	<i>Fraxinus dipetala</i>	California ash
<i>Aralia spinosa</i>	Devil's walking stick	<i>Fraxinus latifolia</i>	Oregon ash
<i>Arbutus menziesii</i>	Madrone	<i>Fraxinus ornus</i>	Manas ash
<i>Athrotaxis cupressoides</i>	Tasmanian cypress	<i>Fraxinus oxycarpa</i>	Narrow leaved ash
<i>Betula albosinensis</i>	Chinese red birch	<i>Fraxinus sikkimensis</i>	
<i>Betula davurica</i>	Manchurian birch	<i>Gleditsia japonica</i>	Japanese honey locust
<i>Betula fontinalis</i>	Water birch	<i>Halesia carolina</i>	Carolina silver bell
<i>Betula gmelinii</i>		<i>Hoheria lyallii</i>	Mountain ribbonwood
<i>Betula jacquemontii</i>	Himalayan birch	<i>Ilex aquifolium</i>	English holly
<i>Betula lenta</i>	Sweet birch	<i>Juglans mandshurica</i>	Manchurian walnut
<i>Betula maximowiczii</i>	Monarch Birch	<i>Juglans sieboldii</i>	Japanese walnut
<i>Betula pendula</i>	European weeping birch	<i>Koelreuteria paniculata</i>	Golden rain tree
<i>Betula platyphylla</i>	White birch	<i>Laburnum alpinum</i>	Golden chain tree
<i>Betula schmidtii</i>	Smith's birch	<i>Lagerstroemia subcostata</i>	Crepe myrtle
<i>Betula utilis</i>	Himalayan birch	<i>Larix decidua</i>	European larch
<i>Buxus balearica</i>	Spanish box tree	<i>Larix gmelinii</i>	Dahurian larch
<i>Calocedrus decurrens</i>	Incense cedar	<i>Larix kaempferi</i>	Japanese larch
<i>Carpinus laxiflorus</i>	Hornbeam	<i>Larix occidentalis</i>	Western larch
<i>Castanea sativa</i>	European chestnut	<i>Larix occidentalis x lyallii</i>	Western larch hybrid
<i>Cedrus deodara</i>	Deodar cedar	<i>Leucosidea sericea</i>	
<i>Cedrus libani</i>	Cedar of Lebanon	<i>Liquidambar formosana</i>	Formosan sweetgum
<i>Celastrus scandens</i>	American bittersweet	<i>Liriodendron tulipifera</i>	American tulip tree
<i>Celtis reticulata</i>	Western hackberry	<i>Lithocarpus henryi</i>	Henry tanbark oak
<i>Cephalotaxus harringtonia</i>	Japanese Plum yew	<i>Lyoniastrum floribundus</i>	Santa Cruz Ironwood
<i>Cercidiphyllum japonicum</i>	Katsura tree	<i>Maackia amurensis</i>	Amur maackia
<i>Cercis chinensis</i>	Chinese redbud	<i>Maackia chinensis</i>	Chinese maackia
		<i>Magnolia campbellii</i>	Campbell's magnolia

<i>Deutzia scabra</i>	Fuzzy deutzia	<i>Oemleria cerasiformis</i>	Indian plum
<i>Disanthus cercidifolius</i>	Disanthus	<i>Oplopanax horridus</i>	Devil's club
<i>Elaeagnus macrophyllus</i>	Silverberry	<i>Osmanthus delavayi</i>	Delavay osmanthus
<i>Enkianthus campanulatus</i>	Redvein enkianthus	<i>Osmanthus heterophyllus</i>	Tea olive, holly olive
<i>Euonymus japonicus</i>	Japanese euonymus	<i>Osmanthus x burkwoodii</i>	hybrid tea olive
<i>Euonymus japonicus</i> 'microphyllum'	Japanese euonymus	<i>Osmanthus x fortunei</i>	Holly leaf osmanthus
<i>Exochorda racemosa</i>	Common pearlbrush	<i>Osteospermum jucundum</i>	African daisy
<i>Forsythia geraldiana</i>	Forsythia	<i>Pachystima myrsinifolia</i>	Oregon box
<i>Fremontodendron californicum</i>	Flannel bush	<i>Paeonia lutea</i>	Tree peony
<i>Fuchsia magellanica</i>	Hardy fuchsia	<i>Parrotiopsis jacquemontiana</i>	
<i>Garrya elliptica</i>	Silk tassel bush	<i>Petrophyton hendersonii</i>	Olympic Mt Rockmat
<i>Garrya x issaqwaensis</i>	Silk-tassel bush	<i>Philadelphus caucasicus</i>	Caucus mock orange
<i>Gaultheria shallon</i>	Salal	<i>Philadelphus delavayi</i>	Delavay's mock orange
<i>Gaultheria x wisleyensis</i>	Wisley Pearl	<i>Philadelphus lewisi</i>	Lewis' mock orange
<i>Hamamelis japonica?</i>	Witch hazel	<i>Philadelphus mexicanus</i>	Mexican mock orange
<i>Hamamelis mollis</i>	Witch hazel	<i>Philadelphus microphyllus</i>	Little leaf mock orange
<i>Hamamelis x intermedia</i>	Witch hazel	<i>Philadelphus tomentosus</i>	Fuzzy mock orange
<i>Hebe buxifolia</i>	Hebe	<i>Phillyrea angustifolia</i>	Mock olive
<i>Hebe hulkeana</i>	New Zealand lilac	<i>Phillyrea latifolia</i>	Mock olive
<i>Heptacodium jasminoidea</i>	Chinese seven-son flower	<i>Photinia davidiana</i>	Chinese photinia
<i>Hippophae rhamnoides</i>	Sea buckthorn	<i>Photinia parvifolia</i>	Photinia
<i>Holodiscus discolor</i>	Oceanspray	<i>Physocarpus capitatus</i>	Pacific ninebark
<i>Hypericum forrestii</i>	Shrubby St. Johns wort	<i>Physocarpus opulifolius</i>	Eastern ninebark
<i>Ilex crenata</i>	Japanese holly	<i>Podocarpus macrophyllus</i>	Kusamaki
<i>Ilex latifolia</i>	Lusterleaf holly	<i>Podocarpus nivalis</i>	Alpine totara
<i>Ilex macropoda</i>		<i>Potentilla fructicosa</i>	Bush cinquefoil
<i>Ilex perado</i>	Madeira holly	<i>Prunus laurocerasus</i>	Cherry laurel
<i>Ilex pernyi</i>	Perny holly	<i>Prunus lusitanica</i>	Portuguese laurel
<i>Itea ilicifolia</i>	Holly leaf sweetspire	<i>Pyracantha angustifolia</i>	Fire thorn
<i>Jamesia americana</i>	Five petal cliffbush	<i>Pyracantha fortuneana</i>	Chinese firethorn
<i>Jasminum sp.</i>		<i>Quercus berberidifolia</i>	California scrub oak
<i>Juniperus chinensis</i>	Chinese juniper	<i>Quercus durata</i>	Leather oak
<i>Juniperus communis</i>		<i>Quercus sadleriana</i>	Sadler's oak
<i>Juniperus horizontalis</i>	Creeping juniper	<i>Quercus turbinella</i>	Sonoran scrub oak
<i>Juniperus occidentalis</i>	Western Juniper	<i>Quercus vaccinifolia</i>	Huckleberry oak
<i>Juniperus scopularum</i>	Rocky Mountain juniper	<i>Raphiolepis rosea</i>	Yedo hawthorn
		<i>Rhamnus californica</i>	Coffee berry

Shrubs

Botanical Name	Common Name	Botanical Name	Common Name
<i>Rhamnus davurica</i>	Dahurian buckthorn	<i>Shepherdia argentea</i>	Silver buffaloberry
<i>Rhamnus frangula</i>	Glossy buckthorn	<i>Skimmia japonica</i>	Japanese skimmia
<i>Rhododendron (Thompsonii series)</i>		<i>Sorbaria kirilovii</i>	Giant false spirea
<i>Rhododendron aff. vaseyi</i>	Pinkshell azalea	<i>Sorbaria sorbifolia</i>	Ural false spirea
<i>Rhododendron anthocodon</i>		<i>Spartium junceum</i>	Spanish broom
<i>Rhododendron arboreum type</i>		<i>Spiraea bella</i>	Pretty flowered spirea
<i>Rhododendron augustinii</i>		<i>Spiraea betulifolia lucida</i>	Birch leaf spirea
<i>Rhododendron augustinii or rubiginosum; triflorum type</i>		<i>Spiraea japonica</i>	Japanese spirea
<i>Rhododendron aureum</i>		<i>Spiraea nipponica</i>	Snowmound Japanese spirea
<i>Rhododendron auriculatum</i>		<i>Spiraea x pyramidalis</i>	Pyramid spirea
<i>Rhododendron davidsonianum</i>		<i>Stachyurus chinensis</i>	Chinese stachyurus
<i>Rhododendron davidsonianum or triflorum series</i>		<i>Stachyurus praecox</i>	Early Spiketail
<i>Rhododendron ferrugineum</i>	Alpenrose	<i>Staphylea colchica</i>	Cochis bladdernut
<i>Rhododendron fortunei series</i>		<i>Stephanandra tanakae</i>	Japanese Stephanandra
<i>Rhododendron grande</i>		<i>Stranvaesia (now Photinia)</i>	Chinese stranvaesia
<i>Rhododendron hemsleyanum</i>		<i>Symphoricarpos albus</i>	Snowberry
<i>Rhododendron loderi</i>		<i>Symphoricarpos mollis</i>	Snowberry
<i>Rhododendron lutescens</i>		<i>Syringa laciniata</i>	Cutleaf lilac
<i>Rhododendron luteum</i>	Yellow azalea	<i>Syringa meyeri</i>	Korean lilac
<i>Rhododendron macrophyllum</i>	Pacific rhododendron	<i>Syringa pinnatifolia</i>	Lilac
<i>Rhododendron makinoi</i>		<i>Syringa reticulata</i>	Japanese tree lilac
<i>Rhododendron micranthum</i>		<i>Taxus chinensis</i>	Chinese yew
<i>Rhododendron mucronulatum</i>		<i>Thujopsis dolabrata nana</i>	Dwarf Hiba Arborvitae
<i>Rhododendron nitidulum</i>		<i>Trochodendron aralioides</i>	Wheel tree
<i>Rhododendron occidentale</i>	Western azalea	<i>Vaccinium padifolium</i>	Whortleberry
<i>Rhododendron oreotrophe</i>		<i>Vaccinium parvifolium</i>	Red huckleberry
<i>Rhododendron periclymenoides (nudiflorum)</i>	Pinxterbloom	<i>Viburnum cinnamomifolium</i>	Cinnamon viburnum
<i>Rhododendron ponticum?</i>	Pontic rhododendron	<i>Viburnum davidii</i>	David's viburnum
<i>Rhododendron racemosum</i>		<i>Viburnum ellipticum</i>	Common viburnum
<i>Rhododendron rubiginosum</i>		<i>Viburnum odoratissimum</i>	Sweet viburnum
<i>Rhododendron rupicolum</i>		<i>Viburnum propinquum</i>	Chinese viburnum
<i>Rhododendron russatum</i>		<i>Viburnum rhytidophyllum</i>	Leather leaf viburnum
<i>Rhododendron schlippenbachii</i>	Butterfly azalea	<i>Viburnum sieboldii</i>	Siebold viburnum
<i>Rhododendron serotinum</i>		<i>Viburnum x pragense</i>	Prague viburnum
<i>Rhododendron sinogrande section</i>		<i>Vitex agnus-castus</i>	Chaste-tree
<i>Rhododendron 'Sir Charles Lemon'</i>		<i>Weigela floribunda</i>	Weigela
<i>Rhododendron smirnowii</i>		<i>Weigela praecox</i>	Variegated weigela
<i>Rhododendron spiciferum</i>		<i>Xanthorhiza aprifolia (simplicifolia)</i>	Yellow root
<i>Rhododendron sutchuenense</i>		<i>Xanthoxylum americanum</i>	Prickly ash
<i>Rhododendron traillianum</i>		<i>Yucca filamentosa</i>	
<i>Rhododendron vaseyi</i>	Pinkshell azalea		
<i>Rhododendron williamsianum</i>			
<i>Rhododendron yakushimanum</i>	Yak rhododendron		
<i>Rhododendron yedoensis</i>	Korean azalea		
<i>Rhodotypos scandens</i>	Black jet bead		
<i>Rhus aromatica</i>	Fragrant sumac		
<i>Rhus cotinus</i>	Smoke bush		
<i>Rhus glabra</i>	Native staghorn sumac		
<i>Rhus trilobata</i>	Three leaf sumac		
<i>Ribes cereum</i>	Wax currant		
<i>Ribes lobbii or marshallii</i>	Gummy gooseberry		
<i>Ribes marshallii</i>	Hupa gooseberry		
<i>Ribes sanguineum</i>	Red flowering currant		
<i>Ribes sanguineum 'White Icicle'</i>	'White Icicle' flowering current		
<i>Rosa canina</i>	Dog rose		
<i>Rosa gymnocarpa</i>	Bald hip rose		
<i>Rosa moyesii</i>			
<i>Rosa rel: omeiensis</i>	Omei rose		
<i>Rosa rubrifolia</i>	Red leaf rose		
<i>Rubus neomexicanus</i>	New Mexico raspberry		
<i>Rubus parviflora</i>	Thimble berry		
<i>Rubus spectabilis</i>	Salmon berry		
<i>Salix gracilis?</i>	Meadow willow		
<i>Sambucus nigra?</i>	Elderberry		
<i>Sambucus racemosa</i>	Red elderberry		
<i>Sarcococca confusa</i>	Winter box		

Perennials and Groundcovers

Botanical Name	Common Name
<i>Adiantum aleuticum (pedatum)</i>	Maidenhair fern
<i>Adiantum capillis-veneris</i>	Common maidenhair fern
<i>Adiantum venustum</i>	Maidenhair fern
<i>Allium flavum</i>	Small yellow onion
<i>Anemone hupehensis</i>	Japanese anemone/Sept. anemone
<i>Aquilegia eximia</i>	Serpentine columbine
<i>Arum italicum</i>	Lords and Ladies
<i>Aruncus aethusifolius</i>	Miniature goats beard
<i>Asarum caudatum</i>	Wild ginger
<i>Asplenium ceterach</i>	Scale fern
<i>Asplenium scolopendrium</i>	Harts tongue
<i>Baptisia</i>	Wild indigo
<i>Bergenia strachyi</i>	Chinese bergenia
<i>Blechnum spicant</i>	Deer fern
<i>Bletilla striata?</i>	Hardy orchid
<i>Camassia quamash</i>	Camas
<i>Campanula carpatica</i>	Carpathian bellflower
<i>Campanula sp.</i>	Campanula
<i>Carex grayii</i>	Gray's sedge
<i>Carex matthewsii?</i>	
<i>Carpenteria californica</i>	Bush anemone
<i>Chionodoxa luciliae</i>	Glory of the Snow
<i>Comptonia peregrina</i>	Sweet fern
<i>Coptis occidentalis</i>	Goldthread
<i>Cortaderia richardii?</i>	Toe toe grass
<i>Corydalis scouleri</i>	Western corydalis
<i>Crocosmia masoniorum</i>	Montbretia
<i>Cyclamen hederifolium</i>	Hardy cyclamen
<i>Cystopteris fragilis</i>	Fragile Fern
<i>Dianthus superbus</i>	Large pink
<i>Dierama pulcherrima</i>	Fairy wand
<i>Epimedium perralderianum</i>	Bishop's hat
<i>Erythronium revolutum</i>	Pink fawnlily
<i>Festuca californica</i>	California fescue
<i>Gaultheria procumbens</i>	Wintergreen
<i>Geranium x cantabrigense</i>	Bloody cranesbill
<i>Helleborus sp.</i>	Lenten rose
<i>Heuchera chlorantha</i>	Tall alum root
<i>Hosta sp.</i>	Hosta
<i>Iliamna rivularis</i>	Streambank hollyhock
<i>Iris delavayi</i>	Long scape iris
<i>Iris douglasiana</i>	Douglas iris
<i>Lewisia columbiana</i>	Columbia bitterroot
<i>Lewisia cotyledon</i>	Siskiyou lewisia
<i>Leycesteria formosa</i>	Himalayan honeysuckle
<i>Ligularia przewalskii</i>	Shavalki's ligularia
<i>Ligularia sp.</i>	
<i>Linaria triornithophora</i>	Three bird toadflax
<i>Lithodora diffusa</i>	Lithodora
<i>Matteuccia struthiopteris</i>	Ostrich fern
<i>Mimulus (Diplacus) aurantiacus</i>	Orange bush money flower
<i>Miscanthus sinensis</i>	Chinese silvergrass
<i>Molinia caerulea</i>	Purple moor grass
<i>Oxalis adenophylla</i>	Chilean oxalis
<i>Oxalis oregana</i>	Wood sorrel
<i>Penstemon cardwelli</i>	Beardtongue
<i>Petasites frigidus</i>	Coltsfoot
<i>Phacelia bolanderi</i>	Bolander's scorpionweed
<i>Phuopsis stylosa</i>	Caucasian crosswort
<i>Polygonatum sp.</i>	Solomon's seal
<i>Polypodium scouleri</i>	Scouler's polypody, coast licorice fern
<i>Polystichum andersonii</i>	Anderson's swordfern
<i>Pulmonaria angustifolia</i>	Blue lungwort
<i>Rodgersia podophylla</i>	Rodgersia
<i>Romneya coulteri</i>	Matilija poppy

Botanical Name	Common Name
<i>Rubus tricolor</i>	Creeping bramble
<i>Scilla peruviana</i>	Giant scilla
<i>Sedum spathifolium</i>	Yellow stonecrop
<i>Smilacina stellata</i>	Starry false lily of the valley
<i>Stipa capillata?</i>	Needle grass
<i>Suksdorfia?</i>	Suksdorfia
<i>Tellima grandiflora</i>	Fringe cup
<i>Vancouveria hexandra</i>	Inside-out flower
<i>Vancouveria planipetala</i>	Evergreen inside-out flower
<i>Vaccinium vitis-idaea</i>	Lingonberry

Bamboo

<i>Phyllostachys nigra</i>	Black bamboo
----------------------------	--------------

Vines

Botanical Name	Common Name
<i>Actinidia chinensis</i>	Chinese gooseberry 'Kiwi'
<i>Actinidia kolomikta</i>	Arctic beauty kiwi
<i>Akebia quinata</i>	Chocolate vine
<i>Akebia trifoliata</i>	Chocolate vine
<i>Aristolochia sp.</i>	Dutchman's pipe
<i>Aristotelia chilensis</i>	Chilean wineberry
<i>Billardiera longiflora</i>	Climbing blueberry
<i>Clematis alpina (or C. montana)</i>	
<i>Hydrangea anomala subsp. petiolaris</i>	Climbing hydrangea
<i>Lonicera ciliosa</i>	Honeysuckle
<i>Smilax sp.</i>	
<i>Wisteria</i>	Wisteria

Sequoiadendron gigantium
